

Book Title : Astrosaurs – Seas of Doom

Reviewed by : Tim Shew, 5S

Teggs and the other Astrosaurs go to an ocean planet Cryptos and meet Commander Cripes who the commander of several underwater fishing plants that had just been attacked. Soon after that, the Astrosaus get attacked and meet Mira who had bumped his head and forgotten that he is an Admiral of a Liopleruodon ship . Meanwhile, the other Astrosaurs are making a discovery that Mira was not the one that attacked Cripes. Instead it was thousands of Whisper Fish.

I did enjoy the book, although it was not my favourite, and I think I may have grown out of Astrosaurs now!
